CV Luis Bauer

Personal Details

Name	Luis Bauer
Date of Birth	22.12.2000 in Stuttgart
Adress	Felicia-Langer-Str. 2, Tübingen
Phone	+49 160 1735283
Mail	luis-bauer@t-online.de
Personal Profile	I am a M. Sc. Student currently applying for Machine Learning PhD positions. My interests include Generative AI, Computer Vision and ML for physics

Studies

11/25-10/26	M. Sc. Physics, University of Tübingen (1-year research degree) Thesis Project: “Solar storm Prediction using Machine Learning”; at Max Planck Institute for Intelligent Systems (MPI-IS), Tübingen supervised by Bernhard Schölkopf
10/20-07/25	B. Sc. in Physics, University of Tübingen (4-year degree), Final Grade 1,1 including:
03/25-07/25	Bachelor-Thesis on Flow Matching (Generative Modelling) at MPI-IS
04/22–03/25	“Deutschland-Stipendium” Scholarship
07/19	Abitur at Robert-Bosch-Gymnasium, Gerlingen Grade 1,5; Awards for physics and overall performance

Work experience

08/25-10/25	Internship at the startup Calliora GmbH in Software-Engineering, tasked with the Development of an AI-Assistant for assessment surveys in the public health sector
03/25-07/25	Tutoring at the University of Tübingen: Supervising second year physics students in optical experiments
07/23-09/23	Intern and working student at Fraunhofer-Institute for Photonic Microsystems IPMS, Dresden: Tasked with constructing a Quantum-Random-Number-Generators (QRNG) using phase-noise of lasers

Periods abroad

09/24-01/25	Erasmus Exchange Semester at the University of Coimbra, Portugal Courses on Data Science & Theoretical Physics
01/23-06/23	Erasmus Exchange Semester at Stockholm University, Sweden; Courses on Bayesian Statistics & Theoretical Physics

Involvements and Skills

Study commission Physics	Continued development of the degree program B. Ed. Physics
Physics Student Council	Organisation of Events for first year students,
Foreign Languages	Englisch (C1), basic Swedish and Portuguese
IT:	AI: Generative Models (Flow Matching & Normalizing Flows), Computer Vision
	Working in HPC environments (Linux, condor) Azure, LLM Applications, backend engineering Very good Skills in Python and PyTorch

Tübingen, 07.06.2026
